CLOSURE PROJECTS INTEGRATION STANDARDS REVISION 1 - AMP-135-98

Ref: Alan M. Parker ltr, AMP-065-98, to Roger Bacon, Clegg Crawford, Closure Projects Integration Standards, April 13, 1998

Attached is Revision 1 of the subject standards previously issued to you on April 13, 1998, with an effective date of May 1, 1998. Two significant additions to the initial version of the standards are incorporated in this revision. The Construction Management Standards were strengthened to incorporate documentation and reporting requirements contained in Volume 4 of the Conduct of Engineering Manual. To facilitate future Decommissioning & Decontamination cost collection, a standardized cost collection template is provided. In addition; we made some minor editorial changes to the text to make the document read better.

Please address any questions or comments regarding these standards to Ned Hutchins at X9623.

Alan M. Parker
Vice President
Closure Projects Integration
